RESCUE ME

By *New York Times* Bestselling Author

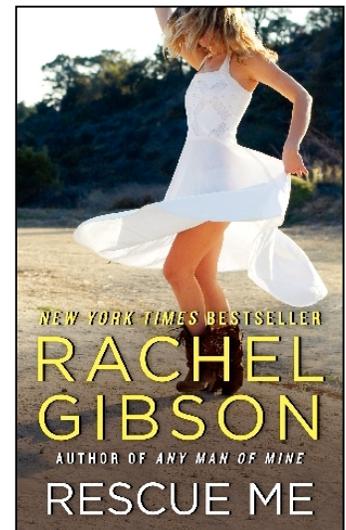

Rachel Gibson

"She will make you laugh, cry and identify with her characters."
RT Booklovers Magazine

Dear Editor/Reviewer:

January 2012

"Alpha men are back with a vengeance in romance novels," wrote TIME magazine in her article on the rise of strong heroes in contemporary romance fiction. The new leading men of romance hail from the military; they are fire fighters and cowboys. They are take-charge kind of guys, and female readers can't get enough of them. *New York Times* bestselling author Rachel Gibson is at the vanguard of the contemporary romance, setting trends with her virile, powerful men of the military, returning from tours of duty and finding peace and love on the home front. **RESCUE ME** (Avon, an Imprint of HarperCollins Publishers; On-sale 5/29/12; print: 9780062069122; \$7.99; ebook: 9780062069139; \$7.99) is quintessential Gibson; funny, eloquent, and sexy; with an added Texas twang. *Booklist* has called Gibson's work "so hot your palms will sweat."

Honorably discharged from the Navy SEALs, Vince Haven is restless. It's not easy for a man trained at one of the highest military levels to return to civilian life. He's been wandering ever since being released from service. When his Aunt Luraleen calls with a business proposition in Lovett, TX he's got nothing holding him back.

Sadie Jo Hollowell left small town living, beauty pageants and bake sales behind fifteen years ago. She's got flat hair, high heels, and no roots tying her down; just the way she likes it. When one of Sadie's young cousins asks her to be in her wedding she can't wait to get back to normalcy and escape the aunts pestering her about why she isn't married yet. When life unexpectedly keeps Sadie in Lowell longer than planned she finds the perfect distraction in Vince.

Pick up **RESCUE ME**, and you'll soon see why USA Today calls Rachel Gibson's writing "addictive." The attraction is undeniable, the chemistry between the main characters sizzles, and Gibson's trademark wry wit makes the story absolutely impossible to put down.

I'm looking forward to hearing your feedback on **RESCUE ME**. Please let me know if you'd like to get in touch with Rachel Gibson for an interview or feature.

All my best,

Meredith
